## Computer Courses - ICD Learning Center (Brkn)

A minimum of 5 students are required for a computer class.

### Photoshop I - 12 Weeks Mondays, Sept 26th - December 19th

Photoshop is the leader in photo editing in the industry. Come learn how much fun it is to edit your photos. This is a hands-on class.

### Web Page I - 8 Weeks, Tuesdays, Sept 27th - November 15th

In this class we'll learn how to create and edit websites using Front page. Each student will learn the basics of inserting hyperlinks, pictures, tables and backgrounds. We will also cover uploading and the basics of purchasing of domains.

### Excel 2010 - 8 weeks, Wednesdays, Sept 28th - November 16th

We now have Excel 2010! Come learn how to create custom tables, charts and graphs. This is an intro class.

### Repair Class - 12 Weeks, Fridays, Sept 30th - Jan 6th

Students will have the opportunity to learn hands-on while they work on their own computer. You will also learn how to safely work on desktop computers. We will not cover laptops. Students are responsible for the license requirements for their software and operating systems.

### Christmas Card Creations - 3 Weeks, Tuesdays, Nov 22, Dec 6 - 13 (No class on 11/29)

Learn how to create custom Christmas, birthday and other occasion cards complete with your own pictures and information. Why spend so much money on boring gift shop cards when you can personalize your own.

### Clean up that old PC - 2 Weeks, Wednesdays, December 7th & December 14th

Bring your PC in for a good old fashioned cleaning that will lengthen the life of your computer by reducing shorts and heat from the dirt and dust that accumulates on your important circuitry.

### Backup your PC - 2 Weeks, Thursdays, Dec 15th & 22nd

If you have pictures, documents, and tax information stored you should back up your computer. It's not a matter of if, but rather of when you will suffer from a lightening strike or hard drive failure. Learn how to back your PC up safely and easily. You may bring your own PC or learn using our computers.

### To Enroll:

Call Joe McAninch at 724-295-2262. Leave your name, phone number (no work numbers) and the name of course you would like to take. **The computer classes are the *only* classes that do not require you to complete a Customized Classes & Tuition Assistance Reimbursement Application.**

## What's Cooking?
